In our opinion, Roundtrip is one of the best York boars to hit the show ring in the past 2-3 years. He was named Champion at Austin with relative ease and the phone hasn't stopped ringing since he returned to Oklahoma. Speaking of Oklahoma, this boar did take a roundtrip from Ninnekah to Austin and back again, and that has certainly raised plenty of eyebrows and stirred up the gossip columns. Face facts with facts: the boar was shown and sold, and we were lucky enough to hold the winning bid.

Perhaps we should've named him Fundamental, because without a doubt, he has them all covered. The trendy thing to talk about these days is bone, structure, foot size, etc. and Roundtrip is all of that and more. More importantly, he does all of that with an extremely balanced skeleton and a super correct hip. He takes a huge comfortable stride off both ends with unmatched reach. He has the right look and muscle pattern to make Champion barrows and gilts, yet his biggest value may be in the daughters he produces. The folks interested in making better hogs are calling and breeding sows. We're doing the same. Everyone else is just talking about it. Limited amount of semen available, so don't miss out!
