EAR NOTCH	BREED	SEX	SIRE	DAM	DATE	COMMENTS
10-3	Cross	Barrow	Fatal Attraction	Tap Out	7/20	This barrow has been on everyone's list. The dam is a littermate to the Reserve Grand at Missouri in 2007. When this barrow is walking around with his head up, he looks like the kind that can win the show. Ideal muscle and bone in a balanced package with a winning pedigree.
12-3	Cross	Barrow	Fatal Attraction	Unbelievable	7/25	These 12 litter barrow are both very similar in type and build to 10-3. The Dam is a 1/2 sister to the mother of 10-3 (both sows are daughters of the Childs foundation sow). These barrows are stout, square and very correct.
12-4	Cross	Barrow	Fatal Attraction	Unbelievable	7/25	These 12 litter barrow are both very similar in type and build to 10-3. The Dam is a 1/2 sister to the mother of 10-3 (both sows are daughters of the Childs foundation sow). These barrows are stout, square and very correct.
15-2	Cross	Barrow	Chance	Strike it Rich	7/26	The 15's were very popular in the last sale and its been tough to not sell these since the last auction. Chance is a littermate to White Legs @ McLemore's. 15-2 has super color, profile's well and is super big hipped.
15-5	Cross	Barrow	Chance	Strike it Rich	7/26	The 15's were very popular in the last sale and its been tough to not sell these since the last auction. Chance is a littermate to White Legs @ McLemore's. 15-5,6,&10 are all very similar in type and kind. Could show either hampshire or dark cross. Moderate, lots of muscle and square, yet still balanced and attractive.
15-6	Cross	Barrow	Chance	Strike it Rich	7/26	The 15's were very popular in the last sale and its been tough to not sell these since the last auction. Chance is a littermate to White Legs @ McLemore's. 15-5,6,&10 are all very similar in type and kind. Could show either hampshire or dark cross. Moderate, lots of muscle and square, yet still balanced and attractive.
15-10	Cross	Barrow	Chance	Strike it Rich	7/26	The 15's were very popular in the last sale and its been tough to not sell these since the last auction. Chance is a littermate to White Legs @ McLemore's. 15-5,6,&10 are all very similar in type and kind. Could show either hampshire or dark cross. Moderate, lots of muscle and square, yet still balanced and attractive.
16-1	Cross	Barrow	Split Decision	Fatal Attraction	7/28	The dam of the 16's is a Fatal daughter of the Childs foundation sow (littermate to the dam of the 7 litter-Toxic that were popular in last sale). Another litter of barrows that's been popular with visitors and tough to hang onto. 16-1 is the green one, but with time and the right feeding program, he won't disappoint
16-3	Cross	Barrow	Split Decision	Fatal Attraction	7/28	The dam of the 16's is a Fatal daughter of the Childs foundation sow (littermate to the dam of the 7 litter-Toxic that were popular in last sale). Another litter of barrows that's been popular with visitors and tough to hang onto. 16-3 is the heaviest barrow in the litter and strong candidate for January show. Great muscle, super design
16-4	Cross	Barrow	Split Decision	Fatal Attraction	7/28	The dam of the 16's is a Fatal daughter of the Childs foundation sow (littermate to the dam of the 7 litter-Toxic that were popular in last sale). Another litter of barrows that's been popular with visitors and tough to hang onto. 16-4 is one of the best barrows in the set. Ideal in build, bone and muscle - winning pedigree

HEIMER HAMPSHIRE'S ONLINE SALE

October 19th & 20th 2009

16-5	Cross	Barrow	Split Decision	Fatal Attraction	7/28	The dam of the 16's is a Fatal daughter of the Childs foundation sow (littermate to the dam of the 7 litter-Toxic that were popular in last sale). Another litter of barrows that's been popular with visitors and tough to hang onto. 16-5 is another bigger barrow - Split Decision had a great track record at majors last year
16-6	Cross	Barrow	Split Decision	Fatal Attraction	7/28	The dam of the 16's is a Fatal daughter of the Childs foundation sow (littermate to the dam of the 7 litter-Toxic that were popular in last sale). Another litter of barrows that's been popular with visitors and tough to hang onto. 16-6 is one of the most complete barrows in the set. Should be easy to feed for any judge
21-1	Cross	Barrow	Fatal Attraction	Leverage	8/3	Dam is one of the best hampshire gilts ever built here - she was a tank when she showed and it looks like Fatal was the perfect match. These 4 boars are offered as barrows. If someone is interested in a herd boar - and these warrant the interest - please call. If you want to show a hampshire at San Antonio - pay attention.
21-2	Cross	Barrow	Fatal Attraction	Leverage	8/3	Dam is one of the best hampshire gilts ever built here - she was a tank when she showed and it looks like Fatal was the perfect match. These 4 boars are offered as barrows. If someone is interested in a herd boar - and these warrant the interest - please call. If you want to show a hampshire at San Antonio - pay attention.
21-3	Cross	Barrow	Fatal Attraction	Leverage	8/3	Dam is one of the best hampshire gilts ever built here - she was a tank when she showed and it looks like Fatal was the perfect match. These 4 boars are offered as barrows. If someone is interested in a herd boar - and these warrant the interest - please call. If you want to show a hampshire at San Antonio - pay attention.
21-4	Cross	Barrow	Fatal Attraction	Leverage	8/3	Dam is one of the best hampshire gilts ever built here - she was a tank when she showed and it looks like Fatal was the perfect match. These 4 boars are offered as barrows. If someone is interested in a herd boar - and these warrant the interest - please call. If you want to show a hampshire at San Antonio - pay attention.
22-5	Cross	Barrow	Eye Candy 33-3	True Enough	8/5	Dam has been a top producer everytime she farrows. This is one of the power barrows in the set. He is tall fronted, big backed, stout and will flat grow. Will likely be ready for a January show
23-1	Cross	Barrow	Batman	Fair Warning 30-2	8/7	The dam's of the 23's & 24's are sisters and rank in the top 5 here in all categories. The Batman barrows fed very well this summer and I expect these to do the same. Pick your poison - all of these 23's are a bit different. 23-1 is super pretty yet doesn't sacrifice width and stoutness.
23-2	Cross	Barrow	Batman	Fair Warning 30-2	8/7	The dam's of the 23's & 24's are sisters and rank in the top 5 here in all categories. The Batman barrows fed very well this summer and I expect these to do the same. Pick your poison - all of these 23's are a bit different. 23-2 is probably the heaviest structured and the most advanced in his muscle - poor photo of a great barrow
23-3	Cross	Barrow	Batman	Fair Warning 30-2	8/7	The dam's of the 23's & 24's are sisters and rank in the top 5 here in all categories. The Batman barrows fed very well this summer and I expect these to do the same. Pick your poison - all of these 23's are a bit different. 23-3 is a favorite for many. Good looking, great shape and balance.
23-4	Cross	Barrow	Batman	Fair Warning 30-2	8/7	The dam's of the 23's & 24's are sisters and rank in the top 5 here in all categories. The Batman barrows fed very well this summer and I expect these to do the same. Pick your poison - all of these 23's are a bit different. 23-4 is the smallest of the 23's, but comes to the top for most. Moderate, wide centered and up-headed

HEIMER HAMPSHIRE'S ONLINE SALE

October 19th & 20th 2009

23-6	Cross	Barrow	Batman	Fair Warning 30-2	8/7	The dam's of the 23's & 24's are sisters and rank in the top 5 here in all categories. The Batman barrows fed very well this summer and I expect these to do the same. Pick your poison - all of these 23's are a bit different. 23-6 is the heaviest muscled of the 23's - should classify hampshire
24-2	Cross	Barrow	Batman	Fair Warning 30-2	8/7	The dam of the 24's the Doise gilt that won Lake Charles in 2008, and probably the best looking sow on the farm. Her progeny are notoriously green but with time, they always prove doubters wrong. I expect both of these barrows to be overlooked on sale day but will be the envy of many on show day.
24-3	Cross	Barrow	Batman	Fair Warning 30-2	8/7	The dam of the 24's the Doise gilt that won Lake Charles in 2008, and probably the best looking sow on the farm. Her progeny are notoriously green but with time, they always prove doubters wrong. I expect both of these barrows to be overlooked on sale day but will be the envy of many on show day.
25-3	Cross	Barrow	Whitey Herzog	Fatal Attraction	8/7	The dam is a 22 litter Fatal (daughter of Childs sow and littermate to mothers of 7 & 16 litters). This is probably the heaviest structured barrow in the set. Visitors rave about his bone, width and balance. This guy can handle everything he's got. Check his pedigree, he's a double-bred Fatal.
26-1	Cross	Barrow	Blank Check 131-1	102	8/10	The dam of the 26's is the Childs foundation sow. She was bred this way for daughters, which is how this sow herd was built, but fortunately for you, this is the best litter of barrows she's ever had. All visitors pick a different favorite. 26-1 is the power hog - always has been. Wide everywhere and really stout. .
26-2	Cross	Barrow	Blank Check 131-1	102	8/10	The dam of the 26's is the Childs foundation sow. She was bred this way for daughters, which is how this sow herd was built, but fortunately for you, this is the best litter of barrows she's ever had. All visitors pick a different favorite. 26-2 is solid white and should stay that way. Really good looking with great shape and squareness.
26-3	Cross	Barrow	Blank Check 131-1	102	8/10	The dam of the 26's is the Childs foundation sow. She was bred this way for daughters, which is how this sow herd was built, but fortunately for you, this is the best litter of barrows she's ever had. All visitors pick a different favorite. 26-3 is odd colored, but past that, might be the most complete barrow of the foursome.
26-4	Cross	Barrow	Blank Check 131-1	102	8/10	The dam of the 26's is the Childs foundation sow. She was bred this way for daughters, which is how this sow herd was built, but fortunately for you, this is the best litter of barrows she's ever had. All visitors pick a different favorite. 26-4 is solid white, but has blue on the rim of his nose. Super balanced and complete.
30-1	Cross	Barrow	Toxic	All World	8/12	The dam is a pure york retained from a great litter last year. Extremely deep litter of gilts - these are the only 2 barrows. 30-1 is a notch greener than his littermate. He's super attractive and extended. Poor picture of a great show prospect. He's solid white and I expect him to stay that way
30-2	Cross	Barrow	Toxic	All World	8/12	The dam is a pure york retained from a great litter last year. Extremely deep litter of gilts - these are the only 2 barrows. 30-2 is easily one of the top barrows in this set. He is stout skulled, big legged and extremely correct. Looks to be moderate in frame and body length and has the right kind of muscle for his age and maturity.
36-1	Cross	Barrow	Next Level	Fatal Attraction	8/15	The dam of this barrow was a lease gilt last year that looked awesome when she came home. This barrow is really elevated at his shoulder, square at his blade and wide centered. He has a littermate that woun'dn't cooperate for the camera that is for sale
